- Surgeon: L. Castillo
- Chairman: Ph. Rombaux

**11:15 am - 1:00 pm****Room: Galerie****Cervical Surgery & Robotic**

Chairman: O. Dassonville

- Trans Oral Robotic Surgery (TORS) using the Flex system Medrobotic in treatment of glottic pathologies (20') - G. Lawson
- Robotic surgery for thyroid disease (30') - B. Lallemant

- EATA: Endoscope - Assisted Trans Oral Approach for parapharyngeal tumours (25') SK. Gurunathan
- Endoscopic staple diverticulostomy for Zenker's diverticulum (15') - O. Dassonville
- Panel discussion - A. Bozec, B. Lallemant, G. Lawson, G. Poissonnet, O. Dassonville, P. Ceruse, SK. Gurunathan

Room: Matisse A**Laryngology & Voice**

Chairman: PO. Vedrine

- Acoustic and perceptual characteristics of the voice (30') - PO. Vedrine
- Endoscopic treatment of sulcus vocalis and scars of the vocal folds (30') - A. Giovanni
- Micro-Phono-Surgery for benign vocal lesion (30') - R. Perouse

1:00 - 2:00 pm**Lunch****2:00 - 3:30 pm****Room: Baie des Anges****Live Surgery Sialendoscopy**

- Surgeons: C. Chossegros, F. Faure
- Chairman: J. Kolenda

**2:00 - 4:15 pm****Room: Galerie****Otology**

Chairman: D. Marchioni

- How to start Endoscopic Ear Surgery ? (10') - M. Fina
- Endoscopic Ear Surgery: How it dramatically changed my clinical practice (10') DS Potsangbam
- Is the endoscopic sinus surgery a necessary step for the endoscopic ear surgery ? The Liege experience (10') - N. Mardyla, S. Machiels
- Endoscopic Ear Surgery: How to improve the anatomical knowledge of the tympanic cavity (10') - B. Isaacson
- Learning tympanic cavity anatomy (a resident point of view) (10') - M. Bonali
- Endoscopic anatomy of the round window (10') - A. Rubini
- Endoscopic round window exploration in the management of intractable Meniere disease (10') - A. Lyer
- SKYPE Lectures
- Endoscopic Ear Surgery: Quality of Life/ Cost Analysis with some experience (15') JF. Nogueira
- Past, Present and Future of Endoscopic Ear Surgery (15') - N. Patel
- Discussion

Room: Matisse A**Cervical Surgery & Robotic**

Chairman: O. Dassonville

- Laser surgery for laryngeal carcinomas (glottic and epilarynx) (30') - G. Poissonnet
- Trans Oral Robotic Surgery (TORS) for laryngeal carcinomas (glottic and epilarynx) (30') Ph. Ceruse
- Trans Oral Robotic Surgery (TORS) for oropharyngeal carcinomas (30') - Ph. Ceruse
- Trans Oral Robotic Surgery (TORS), Laser surgery for early stages, radiotherapy, open surgery : literature review, Evidence Based Medicine, ongoing trials (20') - A. Bozec
- Panel discussion - A. Bozec, B. Lallemant, G. Poissonnet, O. Dassonville, Ph. Ceruse, SK. Gurunathan

2:00 - 7:15 pm**Room: Reception Hall****Technological Workshop Audiology - Centre Delcourt****Room: Exhibition****E-Poster Challenge**

Jury: A. Ozdek, M. Badr El Dine, O. Dassonville

2:00 - 6:00 pm**Room: Matisse B****Endoscopic Rhinologie Dissection Course**

- Part 1 - P. Rombaux, N. Vincent
- Part 2 - L. Castillo, B. Agopian

3:30 - 5:00 pm**Room: Baie des Anges****Live Surgery Laryngology**

- Surgeon: G. Lawson
- Chairman: A. Giovanni

**4:15 - 4:45 pm****Coffee Break & Visit of the E-Posters****4:45 - 7:15 pm****Room: Galerie****Lateral Base of Skull**

Chairmen: L. Presutti, A. Rivas

- Introduction (15') - L. Presutti
- Surgical corridors in lateral skull base (20') - D. Marchioni
- New trends on acoustic neuroma treatment (20') - L. Presutti
- Surgical management of petrous bone cholesteatoma (20') - P. Garin
- Middle fossa meningoencephalocele (20') - A. Rivas
- Endoscopic ear surgery for petrous apex lesions (20') - A. Deveze
- Management of the type C glomus tumors (20') - A. Ozdek
- Discussion

Room: Matisse A**Sialendoscopy**

Chairman: C. Chossegros

- Radiology for Salivary gland of obstruction & tumors. New concepts (40') - A. Varoquaux
- Salivary gland obstruction. An overview (40') - C. Chossegros
- Diagnostic sialendoscopy. How I do it ? (30') - J. Kolenda
- The LSD classification (20') - F. Faure
- Discussion

5:30 - 7:15 pm**Room: Baie des Anges****Otology**

Chairmen: D. Marchioni, A. James

- Endoscopic Ear Surgery in pediatric cholesteatoma (Israeli experience) (10') - L. Migirov
- Endoscopic Ear Surgery in pediatric cholesteatoma (Canadian experience) (10') - A. James
- Endoscopic Ear Surgery in pediatric cholesteatoma (Italian experience) (10') - D. Soloperto
- Middle Ear Cholesteatoma Treatments Via Transcanal Endoscopic Ear Surgery (TEES) Versus Microscopic Ear Surgery (MES) (10') - M. Ryosei
- Outcomes of using otoendoscopy during surgery of cholesteatoma (10') - AE. Elfeky
- Powered Transcanal Endoscopic Ear Surgery for cholesteatoma treatment (10') - S. Kakehata
- Endoscopic Management of extensive cholesteatoma (10') - K. Balasubramanian
- Endoscopic Ear Surgery in advanced cholesteatoma cases (10') - L. Presutti
- Discussion

7:15 - 8:00 pm**Room: Baie des Anges****Key-Note Lecture**

- 40 Years of Endoscopes in the Nose, the Sinuses and at Skull Base : A Story of Unlimited Success ? (45') - H. Stammberger

9:00 pm**Congress Dinner - Boscolo Plaza Hotel ********2015 November Saturday 28th****8:00 am****Room: Lobby Area****Welcome****8:30 - 10:45 am****Room: Baie des Anges****Movie Challenge**

Jury: A. Giovanni, E. Reyt, A. Rivas

**Room: Galerie****Laryngology & Voice**

Chairman: PO. Vedrine

- Difficult exposure in laryngoscopy (20') - PO. Vedrine
- Treatment of vocal cysts (35') - R. Perouse
- Treatment of laryngeal papillomatosis (30') - G. Lawson
- Treatment of vocal fold scarring (35') - R. Perouse

Room: Matisse A**Rhinology & Bases of Skull**

Chairman: D. Marchioni

- Cerebro Spinal Fluid leak: diagnosis and endoscopic approach (20') - E. Reyt
- Frontal Cerebro Spinal Fluid leak, laterally place in the frontal sinus. A challenging case (10') - V. Felix
- Intranasal sodium fluorescein use in CSF leaks detection and repair (10') - M. Horoi, Ph. Eloy
- Anatomy of the skull base revisited with the IMAGE 1 SPIES HD (Karl Storz Company) (20') - Ph. Herman
- Transnasal Endoscopic management of skull base lesions (10') - D. Marchioni
- How to reconstruct endoscopically the anterior skull base? (15') - D. Marchioni
- Endoscope assisted repair of nasal septal perforations (10') - L. Presutti
- Dacryorhinocystostomy. 18 years experience evolution (10') - E. Racy
- Dacryorhinocystostomy (10') - L. Presutti
- Discussion

**8:30 am - 1:00 pm****Room: Reception Hall****Technological Workshop Rhinology****Room: Exhibition****E-Poster Challenge**

Chairman: H. Stammberger

- Endoscopic approaches to fibro-osseous lesions of sinuses and skull base: possibilities and limitations (20') - H. Stammberger
- Endoscopic approach to Pterygopalatine fossa & transpterygoid approach (15') - V. Felix
- Endoscopic transnasal anterior approach for petrous apex cholesterol granuloma (15') - M. Badr El Dine
- Tips and Pearls in Endoscopic pituitary tumor surgery (15') - V. Felix
- Endoscopic transnasal treatment of intracranial meningioma (15') - D. Marchioni
- Discussion

Room: Galerie**Cochlear Implantation**

Chairman: L. Migirov

- Use of endoscopes in cochlear implantation: indications, surgical technique (10') - L. Migirov

- Cochlear implant: endoscopic anatomy of the round window (15') - D. Marchioni
- Extending indications for cochlear implants (20') - A. Devezé
- Minimally invasive cochlear implant surgery without endoscopes (10') - A. James
- What could we expect from endoscopes in the cochlear implantation process? (10') A. Devezé
- Anatomy and hearing preservation technique for cochlear implantation (10') - P. Garin
- Robotic and endoscope-assisted cochlear implantation (10') - A. Rivas
- Discussion

Room: Matisse A Sialendoscopy

Chairman: C. Chossegros

- Sialendoscopy. An informed consent proposal (15') - C. Chossegros
- Interventional sialendoscopy. How I do it ? (25') - F. Faure
- Current and future lithotripsy treatments. The age of Stonebreaker is upon us (Cook Medical Company) (20') - J. Kolenda
- The combined endoscopic and transoral approach of the submandibular gland (15') - C. Chossegros
- The combined endoscopic, transoral and transcutaneous approach of the parotid gland (15') - F. Faure
- Discussion

1:00 - 2:00 pm Lunch and Results of the Challenges

2:00 - 4:15 pm

Room: Baie des Anges Otology

Chairmen: D. Marchioni, L. Presutti

- Endoscopic Ear Surgery with holder (10') - M. Khan
- Endoscopic Ear Surgery in anomalous stapes (10') - M. Ghizzo
- Hybrid Approach to Stapedectomy (10') - L. Moreira
- Endoscopic management of adhesive otitis media (10') - A. Ozdek
- Endoscopic excision of glomus tympanicum (10') - SK. Gurunathan
- Total endoscopic transcanal removal of localized middle ear tumors (10') - M. Badr El Dine
- Development of minimally invasive surgery: Combination of regenerative treatment for the tympanic membrane and Endoscopic ear surgery (10') - SI. Kanemaru
- Endoscopic removal of the external auditory canal osteoma (10') - CK. Chen
- Transcanal endoscopic facial nerve decompression (10') - A. Irudhayarajan
- Endoscopic approach to perilymphatic fistula (10') - A. Doyen
- Discussion

Room: Gallerie Rhinology & Base of Skull

Chairman: L. Castillo

Round table: Complications of endoscopic sinus surgery: how to prevent and how to treat ?

- Introduction (20') - L. Castillo
- Hemorrhagic complications (20') - S. Vlaminck
- Orbital complications (20') - M. Horoi, Ph. Eloy
- Meningoencephalic complications (20') - D. Soloperto
- Long-term complications (synechia, mucocoele...) (20') - S. Vlaminck
- Discussion

Room: Matisse A Pediatric Endoscopy

Chairman: L. Migirov

- Pediatric sialendoscopy (25') - F. Faure
- Endoscopic surgical management of the pediatric airway using the 3D Endoscopy (25') - A. Derowe
- Differential approach to juvenile nasopharyngeal angiofibroma & Acute Invasive Fungal Rhinosinusitis in Children: Outcome of Endoscopic Surgery (30') - A. Yarikevich
- Endoscopic adenoidectomy (20') - F. Assadian
- Use of Smart-Endoscopy in Otolaryngology Emergency Rooms (30') - S. Tamir
- Discussion

4:15 - 4:45 pm

Coffee Break & Visit of the E-Posters

4:45 - 6:00 pm

Room: Baie des Anges

Otology

Chairman: D. Marchioni

- From combined to exclusive endoscopic approaches (15') - M. Badr El Dine
- Endoscopic Ear Surgery in attic retractions and limited attic cholesteatoma (15') - A. Rivas
- Endoscopic approach to find and clear the blocked pathways to the attic (15') - M. Fina
- Discussion

Room: Gallerie

Rhinology & Base of Skull

Chairman: S. Vlaminck

Round table - The Frontal Sinus: A surgical challenge

- Endoscopic approaches to the frontal sinus: a simplified classification (20') H Stammberger
- From the Draf procedures to the external approach (25') - S. Vlaminck
- Balloon sinuplasty for the frontal sinus (15') - L. Castillo
- Discussion

Room: Matisse A

Laryngology & Voice

Chairman: PO. Vedrine

- Unilateral vocal fold immobility (20') - G. Lawson
- Leucoplakia and dysplasia of the vocal folds including In situ carcinoma (20') - A. Giovanni
- Use of the endoscopic microdebrider - Endoscopic non-laser partial laryngectomy
- An organ preservation technique: a pilot study of 30 cases (20') - SK. Gurunathan

6:00 - 6:45 pm

Room: Baie des Anges

Key-Note Lecture

- Making ENT Easy with your Own Hands - ENTertainment (Larynx and Hypopharynx) (45') - D. Vijayagovindarajan

MOVIE CHALLENGE

November, Saturday 28th

Level 0 • Room: Baie des Anges • 8:30 am - 10:45 am

Jury: A. Giovanni (France), E. Reyt (France), A. Rivas (USA)

- Movie 1** **Transcanal Endoscopic Approach for attic Cholesteatoma**
by M. Fina (Minneapolis, USA)
- Movie 2** **Bloodless and stichless complete removal of cholesteatoma**
by SA. Husain (Bhopal, India)
- Movie 3** **Transcanal endoscopic opening of mastoid antrum by pituitary bone punch**
by S. Sheikh (Chittagong, Bangladesh)
- Movie 4** **Transcanal endoscopic infracochlear approach for petrous apex cholesterol granuloma**
by B. Isaacson (Dallas, USA)
- Movie 5** **Make your own straw model facial Nerve**
by D. Vijayagovindarajan (Vellore, India)
- Movie 6** **Endoscopic thyroidectomy. An axillary breast approach**
by N. Veerasigamani (Chennai, India)
- Movie 7** **Multi instrument manipulation of salivary duct stenosis with a stone**
by J. Kolenda (Toronto, Canada)
- Movie 8** **Endoscopic surgical management of large ruptured suprasellar dermoid cyst**
by SK. Gurunathan (Chennai, India)
- Movie 9** **Endoscopic removal of an intraorbital tumour – A vital surprise**
by H. Stammberger (Graz, Austria)
- Movie 10** **Endoscopic transcribriform approaches**
by V. Felix (Trivandrum, India)
- Movie 11** **Transpterygoid approach to Meckel's cave**
by Ph. Herman (Paris, France)

E-POSTER CHALLENGE

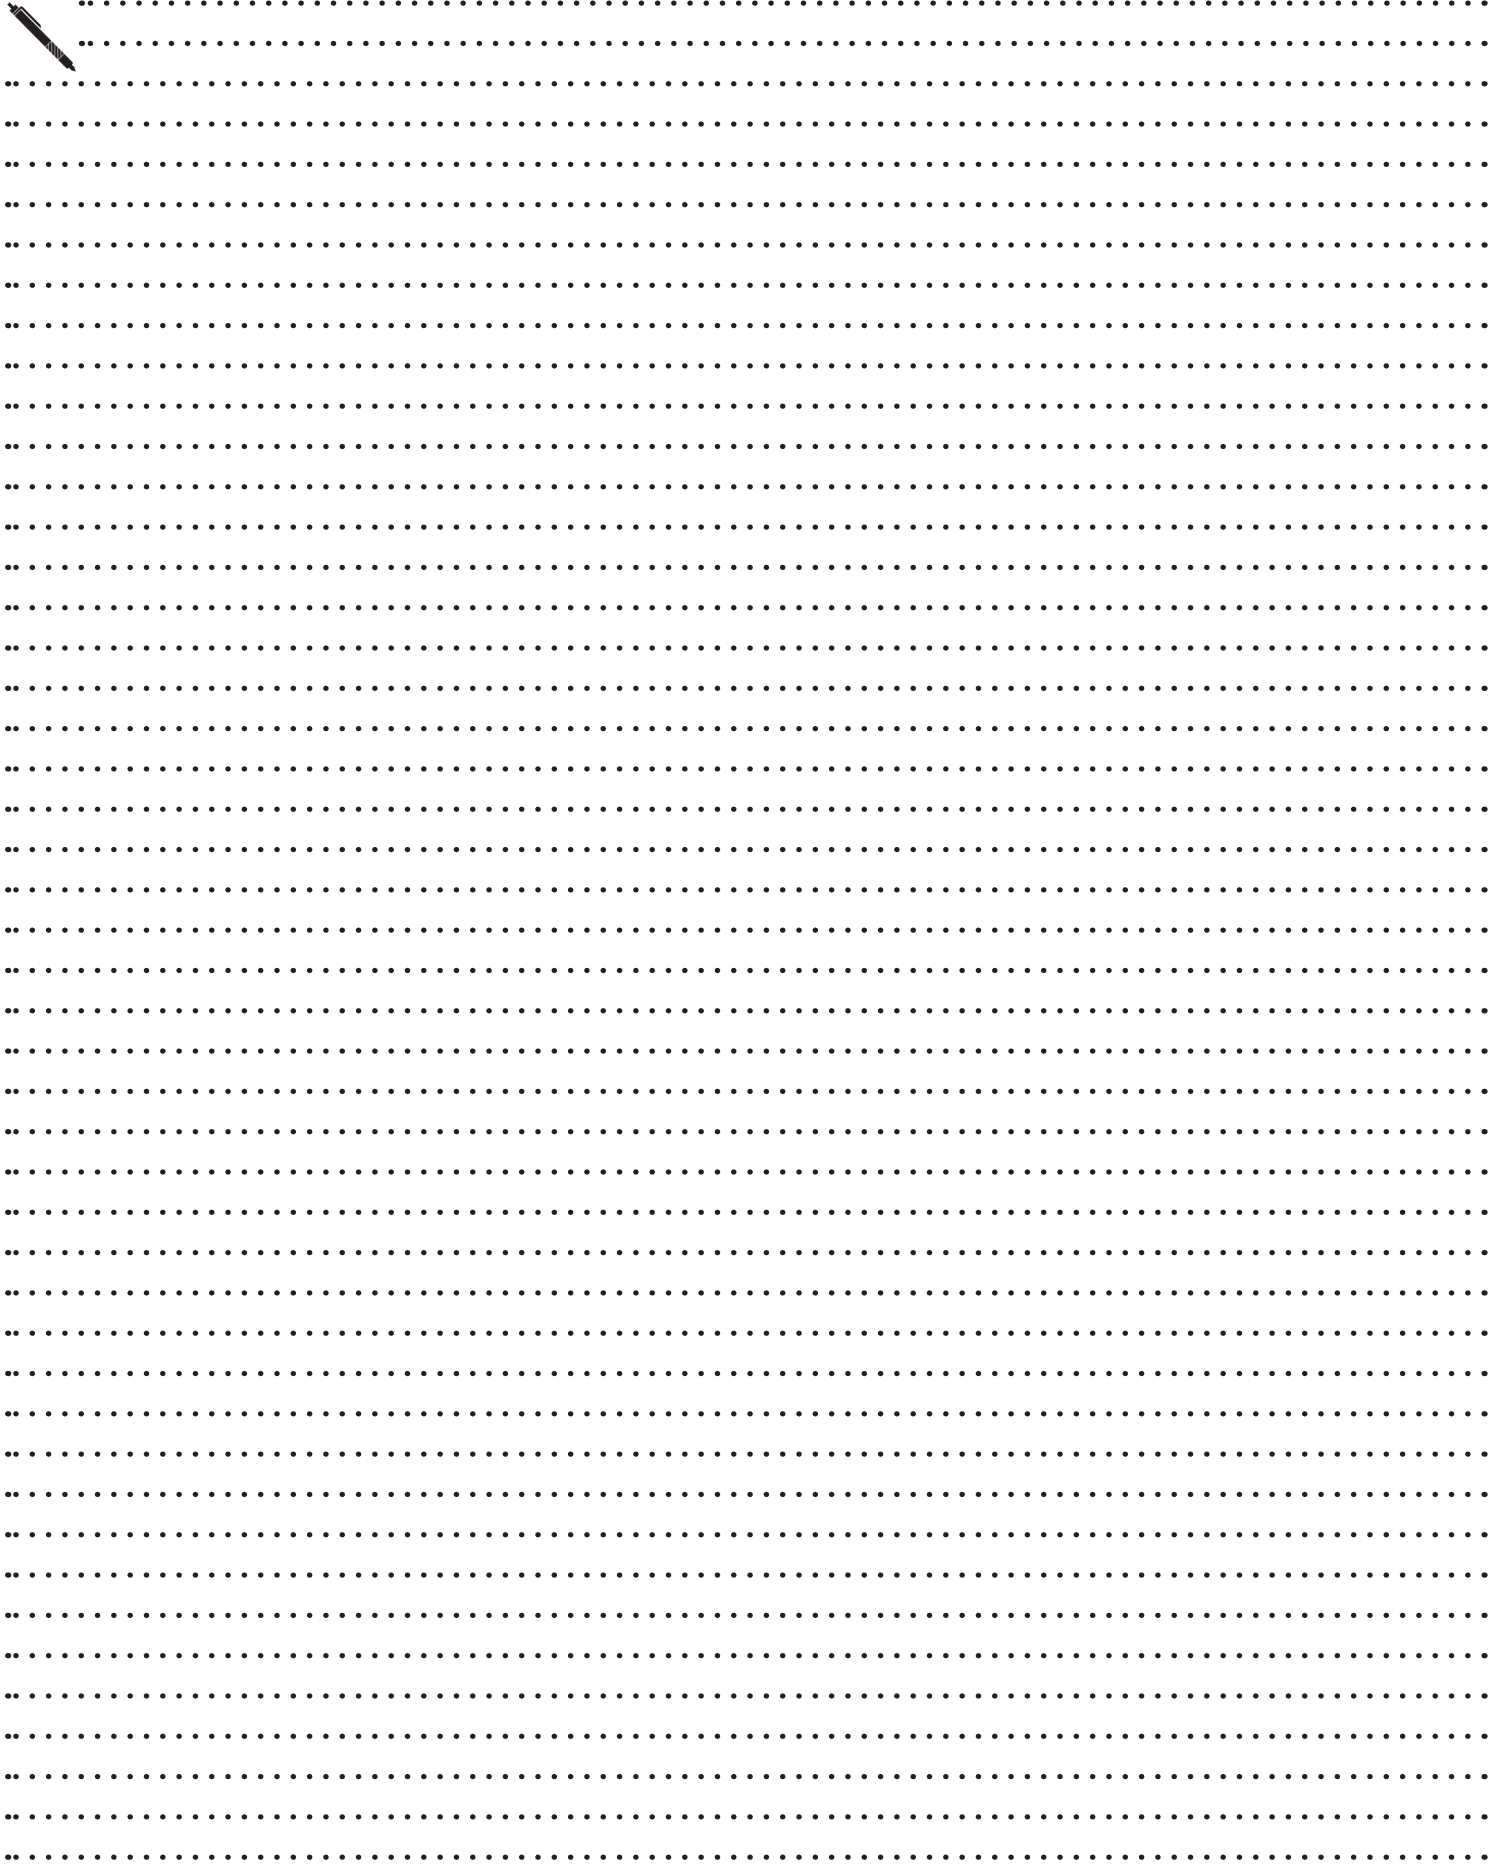

November, Friday 27th - Morning & Afternoon

November, Saturday 28th - Morning

Level 0 • Exhibition room

Jury: A. Ozdek (Turkey), M. Badr El Dine (Egypt), O. Dassonville (France)

- E-Poster 1** **Concept, design and development of Kahn's holder for endoscopic ear surgery** by M. Khan
- E-Poster 2** **Magnesium sulphate or diltiazem as adjuvants to total intravenous anesthesia to reduce blood loss in functional endoscopic sinus surgery** by A. Aravindan
- E-Poster 3** **Different indications in middle ear surgery under totally endoscopy** by F. Assadian
- E-Poster 4** **Making ENT easy with your own hands** by D. Vijayagovindarajan
- E-Poster 5** **Endoscopic septoplasty. Our experience** by S. Lipski
- E-Poster 6** **Microscopic ear surgery vs Transcanal endoscopic ear surgery** by M. Uchida
- E-Poster 7** **Low-Grade Fibromyxoid Sarcoma of the Paranasal Sinuses** by M. Alzbeta
- E-Poster 8** **The Additional Benefit of Using Narrow Band Imaging in Detection of Early Laryngeal Malignancies**
by C. Pietrosanu
- E-Poster 9** **Risk and Safety factors in endoscopic ear surgery & follow-up** by H. Syed Arham
- E-Poster 10** **Allergic fungal sinusitis** by J. Marrakchi
- E-Poster 11** **Laryngeal endoscopic findings in patients with laryngopharyngeal reflux disease** by T. Krecicki
- E-Poster 12** **Extraesophageal symptoms of the reflux disease in the larynx** by T. Krecicki
- E-Poster 13** **Thermal properties of the endoscopes for TEES** by F. Masato
- E-Poster 14** **The Efficacy of Color Mapped Fusion Imaging in the Diagnosis and Treatment of Residual Cholesteatomas using Transcanal Endoscopic Ear Surgery** by K. Narisawa
- E-Poster 15** **Case-report: Nasoseptal flap for endoscopic modified Lothrop procedure** by K. Ozturk
- E-Poster 16** **Regenerative treatment for TM perforation by Transcanal Endoscopic Ear Surgery (TEES). Development of minimal invasive surgery** by R. Kanai
- E-Poster 17** **Improved Diagnosis and Treatment of Perilymphatic Fistulas using the Endoscop and Cochlin-Tomoprotein Detection Test** by Y. Suzuki
- E-Poster 18** **Endoscopic Ear Surgery. Technical point of view (endoscopes, lights, video)** by A. Doyen
- E-Poster 19** **Endoscopic marsupialization of subglottic cyst of larynx** by L. Alekseeva
- E-Poster 20** **Two handed technique of Endoscopic cartilage tympanoplasty with Justtach (Khan's Endoholder attachment for microscope)** by M. Kahn
- E-Poster 21** **Endoscopic excision of glomus tympanicum** by SK. Gurunathan
- E-Poster 22** **Transcanal endoscopic laser mobilization of incus short process fixation** by B. Isaacson
